Overhaul tests of DEUTROFLUX MP Crack Detectors

Dear Sirs,

We herewith confirm that Messrs. METROLONG Kft. is authorized to carry overhaul tests of our magnetic particle crack detection machines of type DEUTROFLUX and hand yoke in their own responsibility.

After a successful test, METROLONG Kft. is authorized to issue a corresponding certificate according to the attached documents. A certificate for DEUTROFLUX machines consists of 12 pages and of 3 pages for hand yoke. On the 15 respective pages the scope of testing is described.

The letter may be made accessible to our customers, and it is valid until March 18th, 2026.

Best regards

KARL DEUTSCH
Prüf- und Messgerätebau GmbH + Co. KG
